

just the facts.

Slinky Digital is a web design & marketing studio based in the Perth, Western Australia.

We have a knack of producing beautiful, simple solutions for today's web. Be it a website, a brand, a product or application; we have the combined expertise to provide you with a solution that will stand out in the marketplace.

'Working with Slinky on the development of westvalley.com.au was a great pleasure. They have a very modern fresh style and extremely responsive and easy to work with. Their approach has definitely transformed a complex procedure for us into a pleasant experience.'

*Ian Love, westvalley.com.au
West Valley Hospitality Group*

what do we do?

Where Slinky stands out in the crowd is our expertise in bringing great design to the modern web.

We've melded traditional design practice with modern web development to provide our clients with simple solutions to some of the most complex visual problems the web has to offer.

Then we make sure people can find it.

Our services include:

Branding
Research, Naming, Identity

Web Planning & Consulting
User experience design,
Concept development

Modern Websites
E-commerce, Web Apps

Website Marketing
SEO, SEM, PPC

for who?

Slinky's clients are varied; from national & international online dating companies to wine suppliers & restaurant groups to small, local businesses with a great idea.

Our expertise in design & website marketing is matched by our ability to deliver above and beyond what is expected.
